

A Member of Trinity Health

Dear Parents and Guardians of 5<sup>th</sup> grade students,

The Indiana State Board of Health **requires** additional vaccines for all students entering sixth grade. Your child will need these additional immunizations prior to starting school in the fall. These immunizations include one Tdap (Tetanus diphtheria and pertussis, or whooping cough), one MCV4 (meningococcal meningitis protection), and two Hepatitis A. Please make sure all immunizations are completed by the beginning of the sixth grade school year. There are also additional **recommended** immunizations by the Centers for Disease Control and the Advisory Committee on Immunization Practices. These additional **recommended** immunizations are the Human Papilloma Virus (HPV) immunizations series and an annual influenza immunization.

**Please provide this document, or a copy of student's immunization record, to the school office no later than the first day of student's 6<sup>th</sup> grade school year.** If an Objection to Immunization Form is needed, please contact the school office to fill one out. Please remember that Objection to Immunization forms need to be resubmitted each school year. The State of Indiana only recognizes religious and medical objections. If you have any questions, please contact Maureen VerVaet, RN, at: [Maureen.VerVaet@sjrmc.com](mailto:Maureen.VerVaet@sjrmc.com) . Thank you.
